E. Declarant desires to bring certain property within the scheme of the Declaration and to modify the Declaration as to said property as hereinafter set forth.

NOW, THEREFORE, Declarant hereby declares as follows:

1. Addition to Property Subject to Declaration. The following tract of land (the "Additional Land") is hereby added to the Properties subject to and covered by the Declaration:

36.634 acres of land, more or less, as more particularly described on Exhibit A attached hereto and made a part hereof, and also known as a portion of the La Crosse Subdivision, Section One, a proposed subdivision in Travis County, Texas.

2. Modification of the Declaration as to the Added Tract. The Additional Land shall be held, transferred, sold, conveyed, occupied and used subject to the covenants, restrictions, charges and liens as set forth in the Declaration, provided that as the same relate to the Additional Lane only, the terms and provisions of the Declaration are modified as follows:

(a) Article V, Section 2 of the Declaration is hereby deleted in its entirety, and the following is substituted in the place and stead thereof:

Section 2. Minimum Square Footage Within Improvements. The living area of the main residential structure located on any Lot, exclusive of porches and parking facilities, shall not be less than the following:

For 50 foot lots per Exhibit B – shall not be less than one thousand six hundred (1,600) square feet and not more than two thousand eight hundred (2,800) square feet for the Lots within the Additional Land.

For the 60 foot lots per Exhibit B - shall not be less than two thousand two hundred (2,200) square feet and not more than three thousand one hundred (3,100) square feet for the Lots within the Additional Land.

A registered Architect shall certify (signed and sealed) the square footage for each residential structure.

(b) Article V, Section 8(e) hereby deleted in its entirety, and the following is substituted in the place and stead thereof:

e. Fences. The Owner of each Lot upon which a residential structure has been constructed (or is under construction) shall construct or cause to be constructed, at such Owner's expense, a six-foot privacy fence along the rear and side Lot lines, the materials and location of which shall be subject to approval by the Architectural Control Committee. Where fences are constructed adjacent to any school, open space, or common area, such fences shall be constructed with face toward the school, open space, or common area according to the Design Guidelines. Where fences are constructed on side Lots, Owner is required to install shrubs along the entire side fence. Gates are not allowed in/on rear or side fences. Cost of construction and maintenance of fences along common Lot lines may be shared by the Owners of adjacent Lots; however, each such Owner shall be fully liable for the construction and maintenance of fences along the rear and side Lot lines of his respective Lot. No fence shall be built in or on a drainage easement.

(c) Article V, Section 9(b)(iv) is hereby deleted in its entirety, and the following is substituted in the place and stead thereof:

Under no circumstances shall any residential structure be deemed to have more than one back. In case of any dispute, the Architectural Control Committee shall determine which sides of the residential structure are

facing a street, or are on the side or on the back of the residential structure.

3.
