# Project/Updates

- Online voting has been successful so far. As of February 22<sup>nd,</sup> we are at 23.17% quorum with 5,880733.17 votes received.
- Online resales have been well received. Owners and Title companies can order the resale through the website and also make their payment through the website with their own login information.
- Muirfield/CVS Repairs are completed except for the sod at the entrance. CVS removed the bad sod and CCL will replace with Palisades Zoysia in March. CVS has paid the invoice in full.
- The City of Austin Corridor project have asked to rent meeting room space in April. Susan, Clayton and I met with the City of Austin Corridor folks on February 14<sup>th</sup>. The sidewalk width has been decreased from 12' to 8'. They still do not seem to understand the full scope of things
- AT&T has done additional damage to Bernia. I am working with Lennar to get these damages reimbursed
- City of Austin was out on Bernia repairing the street lights due to broken wires. It is not known at this time what damage was done to irrigation lines or the wiring.
- GreyRock Met with the developer of the commercial property on both sides of
  Archeleta Blvd. They will be building an assisted living facility and independent living
  facility on the west side of Archeleta Blvd. On the east side of Archeleta Blvd they are
  planning a daycare center. The Town Hall meeting has been scheduled for March 12<sup>th</sup> @
  6:30pm.
- Damaged mainline at Slaughter/MoPac. Webber agreed to do the bore at Slaughter/Becket. The bore was completed but the sleeves were not installed. There appears to be a sink hole in this area. This has been reported directly to Webber & TxDot for repair. Also followed up on the status of the sleeves.
- New SW AISD School (Avana). We have had several meetings & phone calls concerning the access to the CCHOA easement at the intersection of Trissino/Escarpment. AISD & SWWC needs an access easement agreement by CCHOA to install a water line, sewer line and electrical service. AISD attorney and CCHOA's attorneys are still working on this. For the agreement between AISD and CCHOA, there will be an easement agreement that has a MOU document which is what we are still working out the details. No update on the SWWC easement agreement. AISD is currently working with the transportation department on their requirements. CCHOA's request is for barriers on the East and West side of Escarpment from Trissino to Bernia.
