

**TREE SIZES & DIVERSITY GUIDELINES**  
**Circle C Homeowners Association, Inc.**

In accordance with the attached opinion from Bartlett Tree Services and consultation with the Lady Bird Johnson Wildflower Center, the following guidelines will apply to new tree installations.

- Newly planted trees shall be container trees in sizes of no small than 30 gallon and no larger than 45 gallon, with approximate calipers of 2"- 3".
- Newly planted trees shall comply with standard tree planting practices.
- In new areas, diversification of shade trees shall be required. These trees are oak wilt resistant and will add long term value to Circle C Ranch. The following trees are recommended:
  - Burr Oak
  - Chinquapin Oak
  - Lacy Oak
  - Monterey Oak
  - Cedar Elm
  - Mexican White Oak
