BIOGRAPHY: I would be honored to be considered for another term on the Circle C Homeowner's Association Board of Directors. My first term was full of many challenges, great feedback and now an almost entirely new group of directors. We've made a ton of progress and still have quite a bit of work to do. I look forward to contributing more. I'm a native Austinite and have worn many hats in this community including as a business owner, community organizer and on several non-profit boards. I'm the founder and partner of a South Austin café/garden called Cosmic Coffee, I previously owned and operated an award-winning music venue (Momo's Club). I've served on two City of Austin Commissions (Downtown Commission and the Music Commission). I served as the Mayor's appointee and Chair of the Live Music Commission. I'm a graduate of the University of Texas and SMU Law School. I worked as a litigator in Austin before changing my career to hospitality. I am currently growing the Cosmic Coffee brand to multiple locations in Austin. I also serve on the Board of the SIMS organization, a non-profit committed to the mental health of the Austin music community. I also previously served on the Board of several non-profits in the Sustainability/Permaculture realm.

I spend quite a bit of my time outside of my business contributing to Environmental Causes particularly in the realm of Sustainability. I've been certified as a Permaculture Landscape Designer and have been accredited with the highest recognition by the City of Austin for our Environmental efforts with Cosmic Coffee (Platinum designation for Green efforts in 2019). I did serve as the head of my prior HOA's landscaping committee (Buda – Garlic Creek HOA).

My wife is also a native Austinite and a touring musician (Suzanna Choffel). Both of us recently moved to the Vintage Place subdivision of Circle C with our two daughters, Lulu (age 7) and Izzy (age 3). We all genuinely love the neighborhood and natural beauty of Circle C and it would be an honor to contribute my time and energy to the HOA.
